

No Cash? No Problem.

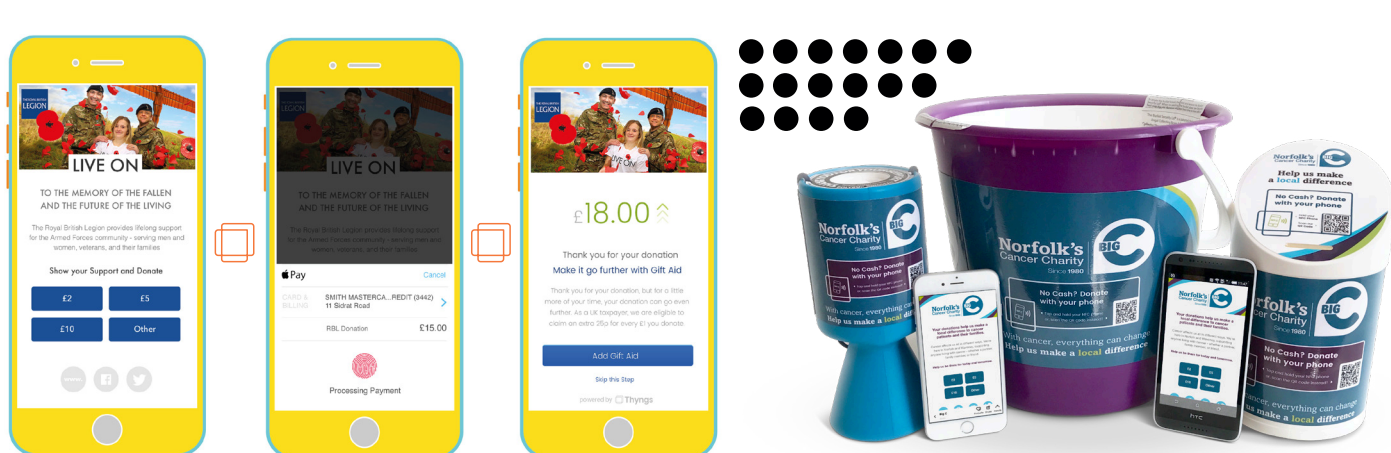

our cashless donation solution is easy

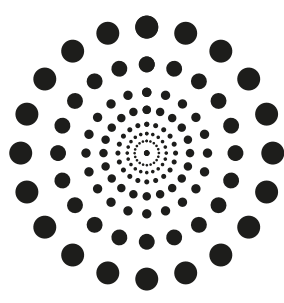

Thyngs provide a simple quick and easy cashless donation solution that will generate additional income for your voluntary organisations.

Using iOS or Android the donation is made in just 3 taps of the device, making it as easy as possible for everyone. Here, donors receive access to any other information about the Charity, making it an effective and efficient all-in-one experience.

Have It Your Way

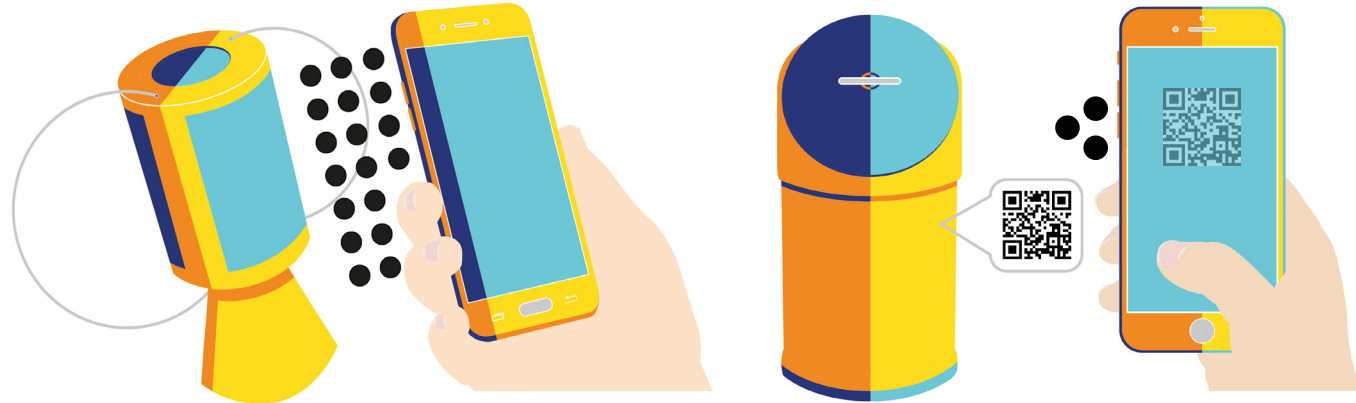

design your collection boxes

Using your approved artwork and specifications, Angal supply ready-to-use collection kits enhanced with Thyngs' innovative cashless donation technology.

Tap or Scan

Supporters simply tap or scan the unit with their smartphone to donate. Android users can tap NFC which will link directly to the payment page with Android Pay. Apple users can scan the QR code to link straight to payment via Apple Pay.

The donation, minus a small transaction fee & standard card charges, is transferred directly to your bank account.

Charities reclaim Gift Aid from HMRC.

Track its progress

Track engagement in real time and see how cashless donations are increasing your sales.
